

Draft Agenda for TF HTAP Emissions Inventory and Future Projections Workshop, 18-20 October

Wednesday

Welcome and Context Setting

9:00	Welcome	Hao Jiming and Liu Bingjiang
9:30	Introduction to LRTAP, TF HTAP, and Assessment Questions	André Zuber and Terry Keating
9:45	Introduction to TF EIP and IPCC Emissions Activities	Kristin Rypdal
10:00	Overview of Intercontinental Transport and Emissions	Hajime Akimoto

10:30 Break

Status of Global and Regional Emissions Inventories

11:00	Overview of Emissions Inventory Issues	David Streets, Chair David Streets
11:30	Global Emission Inventories, Methodology and Trends	John Van Aardenne
12:00	Emissions in East Asia	Hao Jiming
12:30	The Development and Implementation of 'The Global Atmospheric Pollution Forum Air Pollutant Emissions Inventory Manual'	Harry Vallack

13:00 Lunch & Poster Viewing

14:30	Reconciliation and Comparison of Regional and Global Emission Inventories	Gregory Stella
-------	---	----------------

15:00	Emissions from Biomass Burning	Savitri Garivait
-------	--------------------------------	------------------

15:30	Emissions from Residential Energy Use	Chandra Venkataraman
-------	---------------------------------------	----------------------

16:00 Break

16:30	Conclusions and Draft Recommendations	David Streets
-------	---------------------------------------	---------------

17:30 Break

18:00 Dinner Banquet

Thursday

Evaluation of Inventories Using Observations

9:00	A Critical Evaluation of U.S. On-Road Vehicle Emissions in National and International Inventories	Terry Keating, Chair David Parrish
------	---	---------------------------------------

9:30	Surface and Aircraft Observations Over Northeast China	Russ Dickerson
------	--	----------------

10:00	Top-down Constraints on Air Pollutant Emissions Inventories Using Satellite Observations	Qinbin Li
-------	--	-----------

10:30	Conclusions and Draft Recommendations	Terry Keating
-------	---------------------------------------	---------------

11:00 Break

Draft Agenda for TF HTAP Emissions Inventory and Future Projections Workshop, 18-20 October

Future Emission Projections and Scenarios

11:30	IPCC Future Emission Scenarios	Markus Amann, chair
12:00	IIASA Projections for Europe and Global	Kejun Jiang
12:30	Lunch & Poster Viewing	Markus Amann
14:00	QUANTIFY: Emissions and Projections from Transport	Kristin Rypdal
14:30	Forecasting Freight Movement and Emissions	Jim Corbett
15:00	National Projections for North America	Marc Deslauriers
15:30	National Projections for China	He Kebin
16:00	Break	
16:30	Conclusions and Draft Recommendations	Markus Amann
17:30	Adjourn (Dinner on own)	

Friday

Emission Inventories for Air Quality Management and Public Information

		André Zuber, chair
8:30	The Right to Know - the European Pollutant Emission Register (EPER)	Bernd Mehlhorn
9:00	Pollutant Release and Transfer Register, Experience in Mexico	Maricruz Rodriguez
9:30	Emissions Inventories and Information in Asian Cities	Cornie Huizenga
10:00	Conclusions and Draft Recommendations	André Zuber
10:30	Break	
11:00	Discussion of Workshop Conclusions and Recommendations	Keating and Zuber
12:00	Adjourn Workshop	
12:00	Lunch	
13:00	Further Discussion with Government Representatives About Participation from Non-UNECE Countries in Assessment Process	Keating and Zuber
15:00	Adjourn Further Discussion
